**Carl J. Braren.**

## The Western Canada Lumber Co., Limited.

SUCCESSORS TO

The Clareholm Lumber & Grain Co.

## What About That Granary

WE have all kinds of well seasoned Lumber in stock and can guarantee satisfaction in quality and terms of payment. Let us figure on your needs.

Agents for PAROID ROOFING

**OLE THOMPSON**

YARD MANAGER.

## Nothing But Gas

At the meeting of the council last Tuesday the only matter of any moment was the gas contract. Drafts had been submitted to the council for consideration for a by-law to be placed before the electors at an early date. It was found in comparing copies that some omissions had occurred. Important points in the contract which the council desired to see clearly provided for in the contract are "that the prices to be charged for the said gas shall be submitted by the council for the approval of the electors at all times in all of the town south of Calgary along the C. & E. railway including the Town of Clareholm" and that the matter of approving plus for laying mains, etc., and the direction of location on the streets of mains, etc., be under control of the council or an officer appointed by the council for that purpose. One paragraph of the council desired removed was that the price charged to the consumers shall not be increased at any time until after three months' notice in writing of such increase has been given to such consumers." It was the desire of the Council that the prices quoted be made as maximum prices, but matter was taken up with the solicitors of the Gas Co. and it is thought this clause will be modified so as to meet the wishes of the council. The Town Solicitor, Mr. Langmuir, was instructed to prepare a by-law presenting the matter of the Gas Contract to the people for a verdict. A meeting will be held to-night (Friday) to receive the solicitor's report. The Gas Co. were represented at this council meeting by Mr. Redman.

## First Ice Carnival

The carnival put on by the Clareholm Skating Rink Assn last night (Thursday) was a great success. Held from the standpoint of attendance, over 1500 people being sold and from the standpoint of entertainment, the prize events in many cases were handsomely won. The carnival was a very early winter in many respects, but it was the winter of the winter. The prizes were won by the following:

Men's race, Mr. J. B. Ross (1st), Mr. J. B. Ross (2nd), Mr. J. B. Ross (3rd), Mr. J. B. Ross (4th), Mr. J. B. Ross (5th), Mr. J. B. Ross (6th), Mr. J. B. Ross (7th), Mr. J. B. Ross (8th), Mr. J. B. Ross (9th), Mr. J. B. Ross (10th), Mr. J. B. Ross (11th), Mr. J. B. Ross (12th), Mr. J. B. Ross (13th), Mr. J. B. Ross (14th), Mr. J. B. Ross (15th), Mr. J. B. Ross (16th), Mr. J. B. # SHORT COURSE AGRICULTURAL SCHOOL

Will Be Held At Claresholm Government Demonstration Farm  
JANUARY 15th 20th INCLUSIVE

Courses of instruction will be given in Live Stock, Dairying, Agronomy, Poultry Raising and Domestic Science.

## *Live Stock*

Two carloads of Pure red Stock will be Exhibited. Instruction will be given in breed types, feeding, breeding, care and management of live stock.

## *Grain, Soil and Weeds*

The growing, judging, and grading of grains, soil cultivation, noxious weeds, grasses and fodder crops. Samples of grains and weeds will be used for demonstrations.

## *Poultry*

The "housing," "feeding," "hatching," and "rearing" Incubators and Brooders will be in operation.

## *Dairying*

Instructions in dairying will cover the subject from the production of milk to the marketing of the finished product with farm Dairy Machinery in operation.

## *Prizes*

At each course there will be judging competitions held, and prizes offered for proficiency.

## *Domestic Science*

This branch of the work will be conducted by Miss MacAdams and Miss Perkins, graduates of Macdonald Institute, Guelph, Ontario. Practical demonstrations will be given in the preparation and cooking of soups, meats, tough and tender cuts, vegetables, desserts, bread, cakes, pastry and the general cooking of the average household.

The Department of Agriculture extends to you a cordial invitation to be present at these meetings.

Women are especially invited to attend the lectures and demonstrations in Domestic Science, Poultry and Dairying.

**Instructions is FREE and Open to All**

**Edmonton, Dec. 28th, 1911.**

**C. E. Lewis,**

Superintendent of Fairs and Institutes.

## *The* CLARESHOLM REVIEW TOO BUSY

This week to draft our year's program. Will have more time later.

### But Your Stationery

for 1912 won't wait. Some of you are using up the last few sheets of letterheads and the last bundle of envelopes has been broken. You should not wait until the last is used and then rush down here and demand a new supply on the spot.

### Why Not

order now and give us time to turn out a good job ready for the time when you need it and unhurried. Doesn't this

## Sound Reasonable Two Kinds Of Men

One pays up his subscription in advance and secures his local paper regularly during the year and when he opens it each week there is not

### The Ghost

of an undischarged obligation to confront him.

The other man says he has too many papers already, such as Montreal papers, or Fee Gee Gazook from the south Sea Islands and has no time for his own local paper.

But he borrows the Review just the same and lets the other fellow pay for it.

WHICH DO YOU PREFER TO BE

**Renew! Subscribe Right Now.**

# Clareholm Review.

ESTABLISHED 1901.  
Printed and published weekly  
at Clareholm, Alta.  
\$1.50 PER YEAR SINGLE COPIES 5c.  
H. DUNCAN, EDITOR.

## JUST BACK AGAIN

It is some time since we have been able to have a chat with our readers. The labor incident at putting the other newspapers associated with the Review on their feet with new leases of life and vigor has kept our attention from this paper of late. As we have been successful in securing a capable representative for the Bar one Enterprise and have him on the ground and the plant installed we shall not have that paper taking up our time as heretofore. Our representative at Grinnam has become acquainted with the needs and work there so we can have a sigh of relief and come back to the task of making the Review the best weekly in the province both as a booster of this town and district and as a news-giver to every reader. We thank our subscribers for their patience with us and promise to try and make our paper as readable as possible and also to make its influence felt in this district during 1912.

## Distribution of Seed Grain and Potatoes FROM THE Dominion Experimental Farms 1911 - 12

By instructions of the Hon. Minister of Agriculture a distribution will be made during the coming winter and spring of superior sorts of grain and potatoes to Canadian farmers. The samples for general distribution will consist of spring wheat (15 lbs.), white oats (1 lb.), barley (1 lb.), and field peas (3 lbs.). These will be sent out from OTTAWA. A distribution of potatoes will be made in the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants should give particulars in regard to the soil on their farms and should also state what varieties they have already tested and in what way these have been found unsatisfactory, so that a promising sort for their conditions may be sent.

Each application should be separate and must be signed by the applicant. Only one sample can be sent to each farm. Applications on any kind of printed or written form cannot be accepted.

As the supply of seed is limited, farmers are advised to apply early to avoid possible disappointment. No applications can be accepted after Feb. 1st.

All applications for grain (and applications for potatoes should be addressed to the Dominion Central Experimental Farm, Ottawa, Ontario. Such applications require no postage.

Applications for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

J. H. Griffiths, Director, Dominion Experimental Farms.

## One Added Kernel Means 20,000,000 Bushels

Lothabridge, Alberta. If one extra kernel were added to each bushel grown in the United States the actual increase in the annual yield of the crop would amount to 20,000,000 bushels. The figure is given in a report on "Dry Farm Crops and Their Improvement" by Prof. F. R. Linn, held at the Montana Agricultural College, and published by the United States Dry Farming Congress in its annual leaflet.

One extra kernel were added to each bushel of corn, barley, wheat or oat (round) says Prof. Linn, "we would have extra of 2,000,000 bushels extra of barley, 2,000,000 bush-

els extra of wheat, 15,000,000 bushels extra, and of corn, 5,000,000 bushels extra. And not for one year alone, but for all time, this slight increase in the yield of the plant would add many millions of bushels to our crops.

"Clean, plump, selected seed, true to variety, not mixed, free from weed seed, and from disease and with strong germinating power should always be planted by the farmer as a means of increasing his own yield."

## Canadian Pulpwood in the United States

In a Pulpwood Forest Products Bulletin recently published by the Dominion Forestry Branch, statistics are given of the amount of pulpwood exported from Canada into the United States during 1910. Nine hundred and forty-three thousand cords of pulpwood (sixty per cent of the total Canadian pulp-log cut) worth six million, two hundred and ten thousand dollars, were shipped across the border in a raw state, without undergoing any form of manufacture. This pulpwood export was cut from the various provinces in the following amounts and values: 720,000 cords worth \$5,000,000 from the timber limits of Quebec; 30,000 cords worth \$617,000 from New Brunswick and 71,000 cords worth \$5,000,000 from Ontario. It is interesting to note that to what extent provincial industry would have been increased if the pulpwood exported to the United States had been converted into pulpwood on Canadian soil. The seven hundred and seventy-nine thousand cords exported from Quebec would have supplied material for a year to fifty-six pulp mills of the average size operating in Quebec. In Ontario, five mills of the average size could have been kept running with the pulp logs exported from this province. The ninety thousand cords shipped from the ports of New Brunswick would have produced the most startling results if the amount had been immediately manufactured into pulp. The amount exported was sufficient to supply with wood twenty-four mills of the average size, the result that five times the number of mills operating would have been at work if Canadians in New Brunswick had been far seeing enough to manufacture their own raw products.

## School Trustees Convene

The 6th Annual Convention of the Association of School Trustees for the province of Alberta to be held in the Assembly Hall, Collegiate Institute, Calgary, Alberta, January 24th and 25th, 1912.

### PROGRAM.

Wednesday, January 24th.  
Opening Session.  
9:45 a.m. Address of Welcome.  
His Worship Mayor Mitchell.  
10:00 a.m. President's Address.  
H. A. Simons, B.A.

10:30 a.m. The Provincial Health Act and its Relation to School, Sanitation and Medical Inspection.  
Dr. L. E. W. Irving, Provincial Medical Health Officer.

Afternoon Session.  
2 p.m. The Needs of our Rural Schools.  
H. A. Smith, B.A., Inspector of Schools.

3 p.m. Manual Training. How can it be adapted to our schools. An answer from experience.  
T. B. Kinder, Director of Technical Education, Calgary.

4 p.m. Meetings from B. C. Delegates.  
Evening Session.

Address by President W. C. Murray, M. A., LL.D., of the University of Saskatchewan, Saskatoon, Sask.

Suggestions for the Improvement of the Provincial Health Act.  
Thursday, January 25th.

Morning Session.  
9:00 a.m. Report of Visit to B. C. Trustees' Convention at Vancouver.  
J. McHugh, B. A., LL.D.

9:30 a.m. Report on Resolutions submitted to Minister and Dr. Irving of Education in 1911.

10:00 a.m. Resolutions.

1:30 p.m. Reports of Committees, election of officers, general business.  
The following resolutions have been received by the Secretary:

# Union Bank of Canada

Paid-up Capital \$ 4,750,000  
Reserve and Undivided Profits 3,300,000  
Total Assets (Over) \$ 8,050,000

London, England Office,  
51, Threadneedle Street, E.C.

A Branch of this Bank has been established in London, England, at No. 51, Threadneedle Street, E.C., where Letters of Credit and Drafts payable at all important ports in Canada and the United States, can be purchased, and Money Transfers arranged.

A Visitors' Room is provided for the convenience of clients of the Bank when in London, to which their mail may be addressed.  
Correspondence solicited.

London Branch: F. W. ASHE, Manager.  
G. M. C. HART-SMITH, Assistant-Manager.

# CLARESHOLM SKATING RINK

Now open for the season.

Skating every evening 8 to 10.

Admission Adults 25c. Children under 10 10c.

Season Tickets \$3.00, \$5.00 and \$7.00, on sale at the Rink Office.

Whereas the effectiveness and general usefulness of many of the schools of the province are lessened because of the inexperience of the trustees and lack of information regarding the work pertaining to office of trustees; and whereas the convention of School Trustees by its papers, addresses and discussions, and by its special influence, provides the information and opportunity for consultation most needed.

Therefore, Resolved, That this Convention take special steps to bring these advantages to the notice of every School Board in the province and in any way which may secure itself to the Convention, strive to secure a much larger representation of trustees at the Annual Convention.

Resolved, That the Department of Public Works be requested to take notice immediately when there are two years' advance of taxes and get some money to pay running expenses. Would further suggest as a remedy that the Department of Public Works should when the secretary sends in the list of names, put up for sale by public auction, after the advertisement in local papers, all lands upon which title has been granted, that have not paid taxes for two years and not only forfeit all lands upon which no title has been granted, but notify the home-owners as to what will be done.

Resolved, That all School Districts conveying children to school for a distance of three miles or over, should receive a grant of 60c. per pupil. (This would possibly be an addition to Section 102 of the School Grants Ordinance.)

Resolved, That some penalty be imposed on teachers who accept a school by mail giving date and time of arrival, then fail to make an appearance.

Resolved, That in the judgment of the Board of Education in Hygiene and Scientific Temperance should be placed upon the same basis as the other subjects in our school curriculum, and that text books for teachers in the lower grades and teachers and scholars in the higher grades should be introduced forthwith by the Department of Education, further, that a copy of this Resolution be forwarded to the School Trustees of Alberta, assembled in Convention at Calgary, with the request that this matter be fully discussed and be passed by them upon the attention of the above Department.

Other resolutions may be introduced by any delegate at the Convention. Every school district in the province is entitled to representation at the Convention; city and town districts, two delegates; rural districts, one delegate each.

Fees are due and may be paid at the Convention or sent to the secretary in advance: rural districts, one dollar; town districts, two dollars; city districts, five dollars.

All delegates who come by rail should purchase single tickets and possess Standard Certificates. If travelling over two different lines, get a certificate at the starting point on each line. If one hundred delegates are present with these certificates, the return trip will be free of cost.

Don't let your own wife be as well able to pay for his hotel trip, but let him stay at home.

## Mine Accidents in Canada

Statistics recently compiled by the Commission of Conservation show that the death rate in Canadian coal mines is much higher than in any other civilized country. In 1902, the year of the Fernie disaster, the death rate per 100 men employed (above and below ground) reached the maximum rate of 13.25. The average rate for the five years preceding 1910, however, was 4.70. The United States comes next with an average rate for the same period of 3.43. Perhaps the worst aspect of the situation is the fact that the death rate from coal mine accidents has been steadily on the increase in Canada for a number of years. The minimum rate of 1.81 was reached in 1897. In 1909 the rate was 4.21. During the same time there has been a steady decrease in all the leading European countries.

It would, of course, be unreasonable to expect that the loss of life and property could be entirely done away with, but experience has shown that careful investigation of the conditions will point the way to the remedying of many abuses. That the danger from coal mining can be largely eliminated is shown by the low, constant death rates in Belgium and Great Britain. Coal mine explosions are much more frequent in Canada and the United States than in any of the European countries. The following example is exceedingly significant.

In 1909 the fatality rate in the Belgian coal mines was as high as the present Canadian death rate, while at the present time it averages the lowest in the world. This decline in the death rate was due to the combined efforts of the mine owners, the workmen and the Administrative Mine: to the diffusion of technical and professional knowledge and to the administrative organization for the scientific study of accidents.

Although the death rate in metalliferous mines in Canada is lower than in the coal mines, it is much higher than in many of the European countries. The death rate in Canada for the period 1900-1909 was 13.82. With the exception of the Kimberley diamond mines and the Transvaal where native and Chinese labour are employed, the fatality rate during this period 1900-1909 was considerable. It is lower, however, in Canada. It requires no discussion to emphasize the importance of an inquiry into the whole subject of fatal accidents in the mines of Canada.

## A Leap Year Party

On Friday night of last week the ladies gave a leap year party at the home of J. J. Strangway. The hours were passed in games and amusements and everyone present was given an opportunity to enjoy the stability that was in the air. The affair was voted a great success. No party have been loved as yet, of any occasion. Presumably the ladies had not received their prerogative on this occasion.

FOR SALE: Three second hand flushing rigs, 1 Gair-Scott, one house of J. J. Strangway. All engines complete. All 2nd gear pumps. For particulars apply to: Sam Nelson, Brant.

# The Great Castle Square ENTERTAINERS

The Best Known and most popular Vocal Male Quartette and Humorous Entertainers before the Public.

An entertainment that pleases all classes. If you don't want to laugh stay away. One of those rare entertainments that last in the memory of its patrons.

cure the chickens and other poultry handled here. You'll realize and appreciate its choiceness the minute you put your teeth into a morsel of one of our

### Chickens, Ducks, Geese or Turkeys

Cope and learn the difference between young, freshly killed birds and those that have been in cold storage for goodness knows how long.

Price &amp; Walls, Clareholm

## Chiefly Clareholm

C. N. Milton of High River, was here on business last Monday.

Thos. Lakdaw, Carmungay, was a business visitor on Wednesday.

Mr. and Mrs. J. Giroux spent a few days in Calgary last week.

Mr. J. M. Sohy was a business caller at Clareholm last week.

Miss Olive Solberg was a Lethbridge visitor Monday.

Bob, Switzer of Calgary is spending a few days in town this week.

J. R. Watt spent a few days in Calgary, this week.

D. B. Vanhorn is on a trip to Seattle this week.

Harry Dawson was in from Linton last Saturday.

Thos. Moore of the "H" is spending the week in town.

J. de H. Hardwick of Gleichen was registered at the Queen's this week.

Adam Scheider of Barons was in town for a few days last week.

G. B. Holmen, Monarch, was here for a few days last week.

J. B. Allison, of Gramin, was one of the delegates to the Conservative Convention held here today.

Wm. Barclay, of Wardner, B. C. is renewing acquaintances here this week.

Mr. and Mrs. A. E. McAllister have moved to the Lacson farm where they will spend the winter.

Mrs. Ole Boe who has been visiting friends here for a few days, returned to her home in Barons, Monday.

Anon Anderson left Tuesday for Montana where he will take up his residence for the future.

C. M. Martyn, collector for the Cuckshalt Flour Co. was in town on Monday. He took in the installation services at the I. O. O. F. lodge.

Geo. Hoadley of Okotoks, member of the High River riding in the provincial house, was in attendance at the Conservative Convention held here yesterday (Thursday).

E. W. Reid, a nephew of Mr. Tiltson, from Shannonville, Ont. and E. Cole from the same place, are the guests of Mr. & Mrs. C. Tiltson for an extended visit.

Con Walston, mgr. Wilton Hotel Cafe, goes to Calgary to-night to consult an eye specialist regarding trouble he has been having with those delicate members.

Mr. Olin Nelson started to haul about 800 bushels of wheat to town this week with a gasoline engine and when part way in had a mishap with the engine, causing a lay up.

Mr. Donald Simmonson and Miss Gilda Benson of Clareholm, went to Calgary Tuesday where they were married. They returned Wednesday and will stay at the home of Mr. and Mrs. J. Giroux.

L. A. Hartsborne, of the staff of the Bank of Commerce here, is leaving the manager at Champion for a few weeks. J. A. McKay, of Winnipeg takes Mr. Hartsborne's place during his absence.

Mr. Crossman, D.D.G.M. I.O.O.F. was the installing officer at the local lodge here last Monday evening. B. J. Ostrum and B. Ryce, also from Staveland came down with the D.D.G.M. and attended the installation.

Price & Walls have been active in spite of the very cold weather. They are buying and shipping hogs right along. One ear from Dalby, one from Red Deer and another shipment of hogs to Vancouver makes a good record.

K. D. Maclean who has been on the staff of the Pincher Creek Echo for some years was in town on Monday en route for Barons where, it is learned, he assumes the management of the Barons Enterprise, a paper formerly published in this town.

The fire brigade had a run Saturday afternoon when a call came in from the old Alberta Hotel. The boys responded in their usual good style and the danger was over before damage was done. A mattress caught the trouble and the reason is unknown.

C. E. Lewis, Edmonton, who is up of fairs and institutes for the Alberta Government and who has been the working out of the agricultural program at the Demonstration Farm here next week was in town last Friday making final arrangements for the thorough advertising of the school fall meetings. He and Mr. Wright returned to Edmonton Friday night.

D. A. House of Barons was a Clareholm visitor on Wednesday.

Mrs. C. B. Gray and daughter Pearl took a trip to Lethbridge last week.

R. Shaw, with Price & Walls, has gone to Vancouver with a shipment of live stock.

By a program which was seen by chance by our reporter, it is announced by the dept. of agriculture that D. G. Winner will lecture in "Hog Raising and Driving" and "Meat French on "Poultry Raising" at 2 p.m. Jan. 17th. It is presumed these are the staff of instructors at the school.

The Alberta Gazette announces in its latest issue the appointments of Wellington Philip Teskey and Charles Walter James as justices of the peace. It is to be hoped these gentlemen will not have to discard their present honours for larger ones. It is reported that at well-known farmer from the district east of town was attempting a hurried, night-journey to Uncle Sam's land without first calling on some of his creditors here. A couple of our business men secured legal means for holding his effects at the depot here. How it all worked out has not been made public.

Bryce Wright of the Alberta Stock Farm at De Winton is assisting in the organization of the government schools of agriculture and has been for some time. Mr. Wright has long experience as a breeder of Clydesdales, Shorthorn cattle and Oxford Down sheep, makes him a very useful man in the demonstration and contest in the judging lines and as this gentleman brings a wide knowledge of the matter to the aid of his practical experience, his advice becomes of greater value to those attending the school.

## Alberta Stock Shippers

From reports which have come to hand, it appears that practically all the live stock interests of Canada were represented at the meeting held in Toronto to discuss the new proposed live stock shipping contract, except the one most directly concerned in it, namely the shippers themselves.

There were delegates representing Stock Breeders Associations, Fairs Associations, Boards of Trade, Manufacturers Association and Government Officials, but from Alberta alone was there a delegate who carried credentials from a body of stock shippers and even here the organization is as yet only temporary.

The situation is anomalous and difficult to explain. Alberta shippers, like most Alberta men, are live wires and they got together and expressed their views just as soon as they were asked of what was doing, but their work is not yet done. It is evident that the entire subject of shipping live stock is about to be investigated. A set of regulations governing live stock shippers has been submitted to the Board of Railway Commissioners by the Live Stock Commissioner at Ottawa for approval. The Railway Commission reply that these are not needed, that the service they are now giving the shippers is good enough and in their own interest they have submitted for approval this new live stock shipping contract, in which they endeavor to get the shippers to release them from responsibility for almost every conceivable kind of accident, no matter who may have been the cause of it.

Another important feature of this contract is the one making it the duty of the shipper to explain to the man he sends in charge of his stock, that in case the attendant is injured, he cannot collect from the company, no matter how the injury occurred and if the shipper fails to do this, he fails to get the attendant to sign a contract releasing the company from all responsibility for his safety, then the shipper is himself liable for any claims for damages that may arise should the attendant be killed or injured while going through with the stock or returning.

Shippers of live stock are the people most directly interested in these questions and the nature of the decision that will be rendered on them will depend very much on the manner in which the shippers represent their side of the controversy.

All that has been done to improve shipping conditions thus far has been done by the stock breeders and stock growers Association and Government Officials. It is time that the shippers speak for themselves. Had they done so long ago much more would doubtless have been accomplished.

## THE DOMINION BANK

## Castle Square Enter- tainers Fine

The Castle Square Entertainers, who made their first appearance yesterday afternoon, have completely captivated Fairfield Chautauquians. They have made the greatest hit which has been made here this season. Yesterday afternoon they entertained for only thirty minutes, but that time was sufficient for the audience to find in them the real, old entertainers, and because of that fact one of the largest crowds which has yet attended an evening session of the Chautauquians was present when these young men stepped upon the platform last evening.

The great audiences fairly yelled with delight when this company presented the "Hoy Rube and S.P." quartette, in the exciting initiation of the steam calliope on a circus day. The quartette was forced to repeat this selection before the audience would permit the announcement to be made by Dr. Schwelgenst, platform manager. Tonight these young men will give a full evening's entertainment. Fairfield is a leader.

**POOR LUMBER** gives a house a cheap shabby look which makes it difficult to rent. If it is to live in, you want to be proud to show it to your friends, and your fuel bills are large where low grade lumber is used. We make a specialty of high grade and 'classy' material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and selling better stuff than is sold elsewhere at prices as low as those asked for the inferior kinds. If your contractor uses **CROWN LUMBER** it means that he is a man who wants the best of everything and it is the best recommendation he could have!

**Rejuvenated**

The Foot Hills Lumber Co., have an ambitious program before them for this winter. They have entered into a contract with Crawford Bros. of Medicine Creek to cut and put in mill yard over one million feet of logs. The logging contractors have about thirty men and several teams and are arranging to push the work of getting out the logs with great vigor. The new boiler and engine will be on hand before April 1st and the cut this year at the mill, it is expected, will be four or five times that of last year. The newly re-organized company are not losing any time but are right in the thick of what will be a record year for the Foot Hills Lumber Co.

**Homes Wanted**

The Department of Neglected Children are anxious to secure homes for the following children:

A little girl aged six years has been neglected by her parents and removed to Court's order. The child is a particularly attractive little girl with fair hair and brown eyes. A little boy aged four years, bright looking, normal child. Also home for a little girl aged nine years; a little boy aged ten years; good looking, husky boy who will make a good man. This boy is really comely-looking, dark haired. Infant girl aged three months. Infant boy aged six weeks, normal attractive child.

The above children are all Protestant and require Protestant homes. Homes, however, are required for the following Catholic children:

Little girl aged eight years, attractive child. Little boy aged five years nice looking with fair hair. Little boy aged six years, strong, husky boy, should have a good future ahead of him. Little girl aged nine years, strong, husky girl with talent of play spirit.

Applications for these children should be sent to the Superintendent of Neglected Children at Edmonton. In view of the fact that there are very few applications from children, this is a good opportunity to secure one of these children.

**V. A. Porter****IMPLEMENT DEALER**
